The Government's revised Witness List identifies Jerry Olson as a Systems Management person with the Minnesota Bureau Criminal Apprehension. (Docket Entry no. 1864, Witness No. 86). Mr. Olson is expected to testify concerning Defendant Dahir's fingerprint records and/or the criminal records maintained by the Minnesota Bureau Criminal Apprehension. The Government has likewise provided notice of its intent to introduce the Minnesota Bureau Criminal Apprehension records for Defendant Dahir "showing what arrest IBIS matched Fingerprints and Fingerprint card that was matched to index fingerprints sent over IBIS." (Docket Entry No. 1848, Exhibit no 686, 688).¹

¹ On March 2, 2012, the Court heard the testimony of the Jerry Olson, Dr. Peter Lo and Anthony Missler both from the Morpho company that manufacturers the IBIS mobile fingerprint devise, during the hearing on Defendants' Motion *In Limine* to Exclude Fingerprint Evidence. The testimony of the witnesses was punctuated with references to fingerprint data bases developed by entry of prints from arrested persons.
